GAO found that the centers: (1) evaluated 70 percent of the community nursing homes and all but one of the state veterans homes annually, as required; (2) performed only 62 percent of required monthly patient monitoring visits at community nursing homes and were not routinely sending nurses on these visits; (3) conducted only 38 percent of their annual evaluations within the required 90-day period before contract renewal; and (4) did not routinely use quality-of-care information from state agencies in their evaluations.
