## the manual of interior plantscaping: a guide to design, installation, and maintenance

---

By kathy fediw

Hardback. Book Condition: New. Not Signed; Plants are an integral part of today's commercial interiors. They set a mood, direct foot traffic, enhance architectural features, improve productivity, and make indoor spaces healthier and more livable. The Manual of Interior Plantscaping shows you how to design all the major types of interior plantscapes - atriums, indoor gardens, green walls, potted office plants, and miniature displays like dish gardens. You'll learn basic design principles and the mechanics behind a successful interiorscape, as well as how to maintain and care for indoor plants, with tested information on watering practices, pruning, plant nutrition, and preventing pests and diseases. Profiles of the 60 best indoor plants will help you design a plantscape that is both functional and beautiful for years to come. book.

### Reviews

*A must buy book if you need to adding benefit. This is for anyone who statte that there had not been a well worth reading through. Its been designed in an exceptionally straightforward way which is simply right after i finished reading this book where basically changed me, change the way i think.*
