Reviews

This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.Excerpt from Siege of the Fort of St. Johns: In 1775 Last year, while digging at the mouth of a little creek which runs through the farm where my family spend the holidays, and in clearing the shore of the Richelieu River at the junction of the two streams in order to make a dock worthy of the steam yacht La Mouche, I found some very interesting relics at a depth of two or three feet. The first was an unexploded iron shell, the wooden stopper still in its place. Then I turned up other iron missiles of different sizes, - a blunderbuss, bar shot, grape shot, c., and also a horse shoe and stirrup, all in a perfect state of preservation. To whom had these things belonged was a natural question. Were they left there during the French regime or at a more recent date? The rust which had formed on them and the thickness of the soil which had accumulated over them seemed to indicate that many years had passed since they had found this resting place. Had these missiles been fired by the garrison of the fort while practising? Had the stirrup and horse shoe belonged to an officer who had lost them while hunting, or to some young man of the time, who, returning late on a dark night from a visit to a fair friend, had, on arriving at the creek, taken a leap beyond his horse's power and landed deep in the mire? Or had this been the scene of one of the battles so frequent in those early days as the presence of these many articles would seem to...
