Excerpt: . . . The meeting of next year will last about a week, during which time the Sections will meet daily for the reading and discussion of papers. During the week there will be various short excursions to places of interest, and some evening entertainments. After the meeting one or two longer excursions will be arranged. At the time fixed for the meeting, South Australia will be at its best. There is no better time at which to visit Australia than when spring is merging into summer. To naturalists, this time of year is specially attractive, and these may be reminded that at the meeting of the Association they will come into contact with men of like tastes from all parts of Australia. Should visitors wish to prolong their trip, they will do well to visit during the months of October and November the principal objects of interest in the mainland, and in December, January and February to pass on to New Zealand and Tasmania.
