This item is printed on demand - Print on Demand Neuware - Research Paper from the year 2008 in the subject Sociology - Work, Profession, Education, Organisation, grade: keine, , 47 entries in the bibliography, language: English, abstract: The paper is structured in two main parts: the first one comprises a literature review on the occurrences of lifestyle in literature, on samples of academic publications. The second one is dedicated to tracing the proposed concept of lifestyle calibration in a sub-sample of the European Social Survey, round 2, composed of young European graduates under 35. The H0 of the study states that the groups exhibiting a good lifestyle calibration are likely to reach high levels of life satisfaction, which is not valid for groups with wrongly calibrated lifestyles. The results of the research have shown the existence of two distinct population, in the sub-sample, which we referred to as pragmatic lifestyle and rhetoric lifestyle. The pragmatic lifestyle group has a good lifestyle calibration and, confirming H0, a high level of life satisfaction, which we recorded as a lifestyle estimator, while individuals falling into the second category have wrongly calibrated...
